

## Physical & Chemical Tests Record Sheet

(To be completed monthly)

ommunities	Caring	for	Catchments

Site Name: Lake George	Willow	Pool		κ.	Site Code: FORGE	5 7	OR 670			
Name of Monitoring Group: Castlemaine Landcare Group										
Person(s) Conducting the test:										
Date of test: 29	4 22		Time of test:	Fammer	-00		am/pm			
Site Risk Assessment Completed: Signature please:										
Test	Result (units)			Calculations, dilutions and comments						
Dissolved Oxygen	mg/L % sa		% sat.							
Water Temperature		16.2		ē C						
Air Temperature	20.4 ≥c			°C						
рН	Meter calibrated to	0	7.3 pt	H units						
Electrical Conductivity (Salinity)	Meter calibrated to 1413, 12,880EC		765 EG	C units IS/cm.	<i>V</i>					
Reactive Phosphorus	0.01		r	ng/LP			*			
Turbidity	< 9		N.T.U							
Weather conditions at the time of sampling:										
sunny cl	oudy	7	overcast		raining		windy			
Rainfall:			6							
Last rainfall: V	lore than week		During the last week		During the last 24 hours		Raining now			
Amount of rain (mm)	0.8									
Flow indicator (if available)	ML/day	Water	appearance							
Estimate of flow	lot flowing (still)	$\checkmark$	Clear		Milky		Foamy /frothy			
Not flowing (pool)	Low (minimum)		Muddy		Smelly		Stained green			
Medium (average)	High (but below bank full)		Scummy		Oily		Stained brown			
Flood (over bank)	Permanent (lakes & wetlands)		Other (descriptio	n)						
Stream depth Depth indicatorm	0 - 50 cm deep	5	1cm–1m deep	Ø,	1 to 2 m deep		Unknown depth			
Stream width * Average width of stream:	m	<	2 m wide	N	2 to 5 m wide		>5 m wide			
Drain present at site: no yes Water flowing from drain: yes Colou					Odour					
Litter pollutants: (Tick type fou	nd)	D p	lastic		clothing		car bodies			
paper	bottles	□ P	olystyrene		oil		petrol/diesel			
packets	cans		vaxed ardboard		other					
Circumstantial hazards and additional risks Waterwatch data management system: Data entry										
Hazard: Long grass Ris	c krips & Galls Person entering site visit information									
Risk Control Measures: 10	Ke we Site visit approved by Coordinator (initial and data)									
watking
